CB-26P Fitting position

Citroen Saxo VTR Mk1

"It was well worth it. Smooth is the main thing, money in my pocket not just yet but after a great deal of miles Oh Yes.

I'm not a big fan of massive sound so I was a bit blown out when the Janspeed picked up a bit of a note. But that could just be the extra power saying hello. Good driving dudes!

This was one of my best buys".
