CB-26P Fitting position

Fiesta MK4 Zetec-S

"Hi I just wanted to tell you after I installed and tuned the device finally the right way I noticed a very big difference not so much in performance but in fuel consumption.

I drive a lot in the city and on a tank 40 litres gets me 300 km, now since I installed the Ecotek I drive on a 40 litre tank gets me 500 km that's 1/16.5.

So I would like to thank you very much, I'm very happy with your product!".
