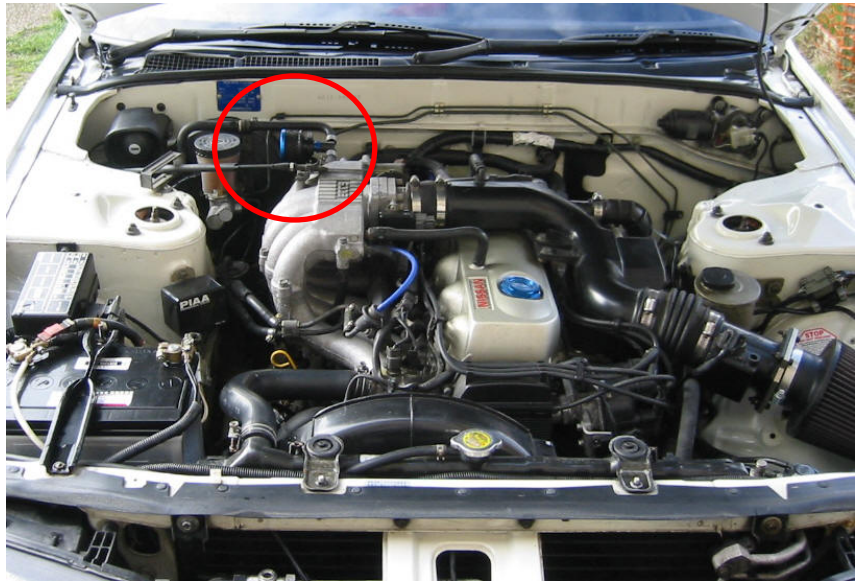
CB-26P Fitting position

Skyline GTE

"Just sending you some Pictures that I have taken of my SKYLINE GTE 1989.....I am pleased with the performance ie..108 miles used to cost me £15.00 Now the same 108 miles cost me £12.57 (not bad) that's at a steady 80 to 100 mph....note ‘on track’!


My car is a single cam 2lts with auto transmission.....the car is faster in all gears with better pick up.”
